No. 303

Introduced by Assembly Member Reyes

February 6, 2003

An act to add Section 92611.7 to the Education Code, relating to the University of California.

LEGISLATIVE COUNSEL'S DIGEST

AB 303, as introduced, Reyes. University of California: salaries of administrators.

Existing provisions of the California Constitution establish the University of California as a public trust under the administration of the Regents of the University of California.

This bill would prohibit any funds that are appropriated in the annual Budget Act for salaries for administrative employees of the university from being encumbered unless and until the regents certify to the Controller that any level of increase in the salaries of any of these administrative employees from their level in the immediately previous fiscal year does not exceed the highest level of any increase, for that same period, in the salary of any university employee that is determined through collective bargaining.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 92611.7 is added to the Education Code,
2 to read:

1 92611.7. Notwithstanding any other provision of law, no
2 funds appropriated in the annual Budget Act for salaries for
3 administrative employees of the university may be encumbered
4 unless and until the regents certify to the Controller that any level
5 of increase in the salaries of any of these administrative employees
6 from their level in the immediately previous fiscal year does not
7 exceed the highest level of increase, for that same period, in the
8 salary of any university employee that is determined through
9 collective bargaining.
